KEY	Definition
EMS Dispatches	The number of dispatches where an ambulance was required for that period.
Ambulance Responded	The number of times the ambulance was able to respond to above (no AFA)
Ambulance response required	The number of times the ambulance was required (No Public assist)
EMS in attendance	The number of times the ambulance did not respond, but we had an EMT on scene
Response %	The % of EMS dispatches to which the ambulance responded
Attendance percentage	The % of calls to which 3871 responded plus EMS in attendance
